

Hello to everyone who has responded to my public comments at the Edinburg School Board meeting!

I am very humbled by the kind words and thoughts that you all have expressed to me, although there are some that probably don't think so highly of me. To those I suggest that you do not shoot the messenger, as I am not responsible for the misinformation going around, I'm simply trying to keep everyone informed and spread the TRUTH!

I have received A LOT of emails, so to be more efficient I am compiling most of the information that people want to see onto one email that will be sent to all of you. I implore you to share this far and wide, especially to other medical professionals that think what I have previously said is false information.

I am being viciously attacked for simply stating my opinion and what I feel and know to be the truth in a public forum. So I would appreciate any prayers my way.

PLEASE READ THIS ENTIRE LETTER, MY VIDEOS ARE LISTED AT THE BOTTOM.

First off, and most importantly, I recommend using these websites for factual and proven information that comes directly from doctors who are actually researching and treating patients.

<https://americasfrontlinedoctors.org/>

- This group of doctors and lawyers is literally on the Frontline of this battle, I highly encourage you to donate monetary funds and search through their trove of information. They offer a tele-medicine portal for treatment and give LEGAL ADVICE

<https://aapsonline.org/>

- This is another group of doctors that is constantly updating people on medical facts, news and treatment options

Here is a great website that has an extensive amount of FACTS/information from multiple different sources that is constantly being updated. I HIGHLY encourage everyone to read this in its entirety and click on the hyperlinks (on some of the links you may have to type in the web page to see the actual website or image that is being mentioned). This website alone has enough information to prove the misconception of this so-called "pandemic". I could literally stop this email here with the amount of information given below:

Here are a few of my favorite videos that I recommend everyone watch:

Cases & Deaths:

Please remember that the survival rates for covid, without treatment (which there is), are the following:

Ages 0-17 - 99.998%

Ages 18-49 - 99.95%

Ages 50-64 - 99.4%

Ages 65+ - 91%

There is absolutely no reason for shutdowns, social distancing, masks or to live in fear of something that will most likely not kill you.

Don't forget that the FDA recently recalled the antigen covid tests that have been used under emergency authorization use since the beginning of the "pandemic" because of their inaccuracy. So we don't actually know how many people ACTUALLY had covid, or not. What a joke. Asymptomatic covid cases are MISINFORMATION.

Recalled RT-PCR tests

Recently, under the table the CDC changed how it is counting covid cases, it is not including covid cases if a VACCINATED person is infected. Wow.

Masks & Lockdowns:

Here is the best summary I've seen so far,

<https://odysee.com/@PANDA:3b/TimeToReopenSociety:7>

If you are not familiar with reading research papers, I suggest that you scroll down to the conclusion/discussion part to read what their findings were for the following papers.

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC4420971/>

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC4420971/>

- they know cloth masks don't work, they just want you to wear it

<https://www.acpjournals.org/doi/10.7326/M20-6817>

https://wwwnc.cdc.gov/eid/article/26/5/19-0994_article

- keep in mind that this study is looking at influenza pandemics but covid is a much smaller particle size than influenza. So if it doesn't work for influenza, why would it work for covid?

<https://www.dailyveracity.com/2021/07/26/over-50-scientific-studies-conclude-masks-do-nothing-to-prevent-the-spread-of-illness-so-why-do-people-keep-claiming-they-work/>

But the more important question is, if officials say hand hygiene and surgical masks actually work, how is it possible that in 2020 the flu decreased by 98% but covid continues to increase, WHEN THEY'RE BOTH AIRBORNE ILLNESSES?!?!!!

Treatment:

The biggest lie of them all. The NIH knew SINCE 2005 that chloroquine, similar to HCQ, worked as prophylaxis and treatment against covid and the FDA/CDC wouldn't allow it to be used as treatment. Dr. Fraudci even quoted this drug as being a miracle drug against coronaviruses.

<https://pubmed.ncbi.nlm.nih.gov/16115318/>

How dare any medical professional say there is no medical treatment for covid and insinuate that these medicines are harming patients!

IT'S CALLED EVIDENCE BASED MEDICINE.

Here is a good resource of different treatment protocols:

<https://c19protocols.com/>

- also, budosonide (Pulmicort/Symbicort) is hardly mentioned but it also seems to be very effective and safe in all ages

Vaccines:

First off, it's technically not a vaccine, even by definition. The patent most of them are filed under is a MEDICAL DEVICE.

IT'S AN EXPERIMENTAL DEVICE.

Honestly my biggest issue with vaccines is that they should not be MANDATED onto anyone, ESPECIALLY CHILDREN. Especially when there is a 99% recovery rate for most people! There also shouldn't be any restrictions if you choose to get vaccinated or not either. We all have free will and it should be your choice if you want it or not. Consent and transparency should also be given about any drug or vaccine and that is not currently being done.

Personally I would never put another vaccine in my body or my child's, after what I have learned about all the ingredients that are placed in them. I would also not recommend it to any patient knowing that there are different treatments out there that work.

Nothing will ever be as strong as your own body's immunity. Take care of your body, eat healthy, exercise, be spiritual and everything will be okay.

A lot of information about the different vaccines can be found in the nojabforme article above but I will list some of the misinformation that is being told in the news.

WAKE UP AMERICA:

This is a small recap of what happened around the world this past weekend on 7/24/21, people ACTUALLY standing up for their RIGHTS:

I SUGGEST WE ALL DO THE SAME.

In conclusion, I hope you all see that we are being lied to by our government, major media networks (pretty much all of them), CDC, FDA and even prestigious medical journals/institutes, that have to literally make up false information to continue their agenda.

I did not provide the 1,000 articles I had mentioned in my speech but I think I gave you all enough information to sift through. There is much, much more information out there that I have not presented here. If you really want more information, email me back and I'll send you more.

I really do hope this helps you all to be better informed. There is a lot of information out there that can be misleading but I have found that the first 3 websites I listed give good reliable information. It is imperative that we all join together to be unified in this fight against tyranny, we all need to Stand Firm & Be Strong.

May God bless you all and this awesome planet!
